

RE: Freedom of Information Request to release information on usage of children's centres, family hubs and parenting support.

To Whom it May Concern,

- 1) How many **children** used children's centres, family hubs, and children and family centres in your local authority, in each of the following financial years?

If you record both face-to-face and digital reach, please specify the figures for each separately if possible.

By 'use', we mean received any specified service or participated in at least one class or session, delivered by the centre or hub on site or at an alternative site operated by the centre or hub.

The total for each financial year should only count a child once even if they used centres or hubs on multiple occasions within a single financial year.

By 'children' we mean people aged 18 and under.
