Wards in Herefordshire

Note - Figures in this profile are based on OAs. Some OAs within this ward are split between one or more adjacent wards, the numbers for these OAs have been apportioned to the relevant wards and LSOAs based on the distribution of residential addresses. An element of uncertainty therefore exists with some of the figures and as such they can only serve as an estimation of the true value.*

**Output Areas - statistical geographies of about 300 people; of which there are 633 in Herefordshire.*

HOUSEHOLDS WITH DEPENDENT CHILDREN

tables KS106, KS107 & QS113

There is no age limit applied to the definition of a **child**. For example, a couple living with their son aged 40 would be classified as a family consisting of a couple and their child unless the son has a partner or child living in the household. A **dependent child** is a person aged 0 to 15 in a household (whether or not in a family) or aged 16 to 18 in full-time education and living in a family with his or her parent(s). It does not include any children who have a spouse, partner or child living in the household.

NATIONAL STATISTICS SOCIO-ECONOMIC CLASSIFICATION (NS-SEC)

table KS611

The NS-SEC provides an indication of socio-economic position based on occupation. Whereas 'Occupation' (see table on previous page) only includes people in employment, the NS-SEC categories include unemployed people (except the long-term unemployed and those who have never worked); retired people; those looking after a home; those on government employment or training schemes; and people who are sick or disabled. The normal procedure is to classify these people according to their last main job.
