## A.2 Selected output measure

The Council wishes to minimise the administrative burden on the Provider, by only requesting the minimum amount of performance management information.

The Herefordshire drug and alcohol recovery service will be expected to demonstrate activity in accordance with the contract monitoring requirements in appendix 2, these will include output measures in relation to the following public health outcomes;

<b>Performance indicator</b>
PHOF 2.15 Successful completion of drug treatment
PHOF 2.18 Alcohol related admissions to hospital
PHOF 4.6 under-75 mortality rate from liver disease
PHOF .2.23 Self-reported well-being
PHOF 1.11 Levels of domestic abuse
PHOF 1.18 Social Connectedness
PHOF 4.3 Mortality from causes considered preventable

## A.3 Contract monitoring
